Dear New Customer:

Welcome to the Harris Fort Bend Counties M.U.D #3. The following information is being provided to help you become familiar with the policies and procedures relating to your water and sewer service.

To establish service with the District a refundable security deposit must be paid as well as all associated fees. The fees associated with establishing service are a non-refundable \$25.00 application fee and a refundable security deposit. The refundable security deposit requirements are; (1) \$100.00 for owner that live at the residence, or (2) \$150.00 for tenants or owners that do not live at the residence. The deposit will be refunded after the due date of the final bill. Proof of ownership is required for owners to establish service.

Water Service is provided at the following rates*, subject to change.

0 – 5,000 gallons	\$18.00
Over 5,000	\$2.00 per thousand gallons

Sewer service is additional and billed at a flat rate of \$34.43 per month*, subject to change.

West Harris County Regional Water Authority \$2.93 per thousand gallons*, subject to change.

Your due date is the 6th of each month. A 10% penalty will be assessed if payment is received after the due date. This amount is shown in the “After Due Date” block on your bill.

If your account is 30 days past due at the time current bills are generated, a Delinquent notice will be sent to your address. There is a \$5.00 fee for sending this letter. At this point all charges (including current charges) are due to avoid disconnection of your service. Should full payment not be received as directed on the letter, your service will be disconnected. Should service be disconnected, a \$50.00 fee will be added to your account. In order to reestablish service an additional deposit of \$25.00 is required. Full payment will be required to restore service, payable by money order or cashier’s check only. A \$25.00 charge will be assessed on all checks returned by the bank.

SERVICE AGREEMENT

- I. **PURPOSE.** Harris Fort Bend Counties M.U.D. #3 is responsible for protecting the drinking water supply from contamination or pollution which could result from improper private water distribution system construction or configuration. The purpose of this service agreement is to notify each customer of the restrictions which are in place to provide this protection. The utility enforces these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the Harris Fort Bend Counties M.U.D. #3 will begin service. In addition, when service to an existing connection has been suspended or terminated, the water system will not re-establish service unless it has a signed copy of this agreement.

- II. **RESTRICTIONS.** The following unacceptable practices are prohibited by State regulations.
 - A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device.
 - B. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
 - C. No connection which allows water to be returned to the public drinking water supply is permitted.
 - D. No pipe or pipe fitting which contains more than .25% lead may be used for the installation or repair of plumbing at any connection which provides water for human use.
 - E. No solder or flux which contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection which provides water for human use.

- III. **SERVICE AGREEMENT.** The following are the terms of the service agreement between the Harris Fort Bend Counties M.U.D. #3;
and _____ . (the customer)
 - A. The Water System will maintain a copy of this agreement as long as the Customer and/or the premises is connected to the Water System.
 - B. The Customer shall allow his property to be inspected for possible cross-connections and other potential contamination hazards. These inspections shall be conducted by the Water System or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other potential contamination hazards exist; or after any major changes to the private water distribution facilities. The inspections shall be conducted during the Water System's normal business hours.
 - C. The Water System shall notify the Customer in writing of any cross-connection or other potential contamination hazard which has been identified during the initial inspection or the periodic re-inspection.

- D. The Customer shall immediately remove or adequately isolate any potential cross-connections or other potential contamination hazards on his premises.
- E. The Customer shall, at his expense, properly install, test, and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance records shall be provided to the Water System.

IV. ENFORCEMENT. If the Customer fails to comply with the terms of the Service Agreement, the Water System shall, at its option, either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
